- ✓ Type IIR according to EN 14683:2019
- ✓ With elastic ear loops
- ✓ Soft and comfortable
- ✓ Low respiratory resistance
- ✓ High bacterial filtration
- ✓ Minimizes cross-contamination
- ✓ Hygienic

Product Description

Medical face mask with soft and strong elastic ear loops and nose clip to ensure proper fit. The mask has a low respiratory resistance and a high bacterial filtration efficiency. The medical face mask are intended to be used in medical settings, to protect the patient from infective agents and the wearer against splashes of potentially contaminated liquids. Medical face masks may also be intended to be worn by patients and other persons to reduce the risk of spread of infections, particularly in epidemic or pandemic situations.
