Product Description

Abri-Soft Superdry is used as a protective, disposable underpad for e.g. beds and chairs. Suitable for incontinent users, but also for non-sterile procedures. The underpad contains both fluff and SAP, which encapsulates the liquid even faster and keeps the surface dry and comfortable. The odor system minimises unpleasant smells. In addition, the underpad has sealed edges for optimum leakage protection, and the surface is covered with a soft nonwoven material for enhanced user comfort. The use of disposable underpads reduces the risk of contamination.

Abri-Soft Superdry offers light to moderate absorbency and is available in different sizes. It is also available in a versions with flaps and a version with tape, which are usefull for active or restless users, as the underpad is fixated on the sheet.
