ABRI-SAN

Shaped pad, ABENA Abri-San, Special, green, Premium

- ✓ Textile-like backsheet: comfortable and discreet
- ✓ For faecal incontinence
- ✓ Anatomically shaped for better fit
- ✓ Efficient core technology for fast absorption
- ✓ Leakage barriers with built-in pockets: designed for extra protection

Product Description

Abri-San Special is our anatomically shaped pad specifically designed for faecal incontinence. The pad can be used for both faecal and urinary incontinence and features a light green textile-like backsheet foil for optimum comfort and discretion. The pad has effective leakage barriers with built-in pockets that keep the faecal contents inside.

Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

The Dermatologically Tested symbol guarantees that products have been tested for potential skin irritations by an independent third-party laboratory.

The product does not contain latex.

Wetness indicator is a liquid-sensitive strip that changes color or fades out indicating when it is time to change the product.

The product is equipped with barriers to prevent leakage.

ABENA's incontinence products are designed and engineered to ensure minimal odor arises from the product. Odor control is a critical factor in ensuring discreteness for the user.

Unique Top-Dry system that provides a rapid absorption and a dry surface even after repeated urination.

The product is fully breathable making it more comfortable for a longer period of time, maintaining skin integrity.

Drop system indicating absorption. The more drops, the higher the absorption. Ranges from 1 to 9 drops.
