- ✓ 100% breathability for healthy skin and optimum comfort
- ✓ Top-Dry System for dry surface to protect the skin
- ✓ Efficient core technology for fast absorption
- ✓ Anatomically shaped for better fit
- ✓ Wetness indicator with graduation scale
- ✓ Leakage barriers for extra protection
- ✓ Odor Control

### Product Description

Abri-San 7/XXL and 11/XXL are ABENA's range of anatomically shaped pads designed for bariatric use. The products feature the Top-Dry System for optimum comfort and skin integrity. The breathable and anatomically shaped pads keeps the skin healthy and offer an excellent fit. All products are fitted with standing leakage barriers and built-in cross barriers at the rear end for extra protection. The odor system minimises unpleasant smells. The wetness indicator with graduation scale guides the user and caretaker to the product with the right absorption level. The dermatological tested products feature the Nordic Eco Label.

### Instructions for use/application

Shaped pad for moderate to heavy incontinence. Abri-San XXL should always be used with special fixation underwear, like our Abri-Fix Pants Super 4-6XL. These help keep the pad in place, which ensures a close fit and reduces the risk of leakages. Easy product recognition by colour codes, names and numbering system on product and bag.

Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

The Dermatologically Tested symbol guarantees that products have been tested for potential skin irritations by an independent third-party laboratory.

The product does not contain latex.

Wetness indicator is a liquid-sensitive strip that changes color or fades out indicating when it is time to change the product.

The product is equipped with barriers to prevent leakage.

ABENA's incontinence products are designed and engineered to ensure minimal odor arises from the product. Odor control is a critical factor in ensuring discreteness for the user.

Unique Top-Dry system that provides a rapid absorption and a dry surface even after repeated urination.

The product is fully breathable making it more comfortable for a longer period of time, maintaining skin integrity.

Drop system indicating absorption. The more drops, the higher the absorption. Ranges from 1 to 9 drops.
