BAMBO
Nature

Bambo Nature Pants, Junior 5, 12-20 kg

- ✓ Unique fit
- ✓ High absorption
- ✓ Super soft materials

Product Description

The Bambo Nature Pants offers the best product features on the market. Extra soft textiles, perfectly custom fit, thinner, lighter and more breathable with a superb high absorption capacity. Bambo Nature is designed for you who don't compromise with either the environment, nor the quality or your child's health. The diapers are among the world's best and provide optimum comfort, freedom of movement and dryness. At the same time, all the pants are swan and FSC-labeled as well as dermatologically tested. This ensures that particular attention is paid to both the environment and the delicate skin of your child. The diapers are made of sustainable raw materials and there are not added any harmful chemicals in the production process.

Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. For more information, go to www.fsc.org.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

The Dermatologically Tested symbol guarantees that products have been tested for potential skin irritations by an independent third-party laboratory.

The product is fully breathable making it more comfortable for a longer period of time, maintaining skin integrity.

Unique Top-Dry system that provides a rapid absorption and a dry surface even after repeated urination.

The product has a very soft surface for a more comfortable fit.

Flexible side panels for optimal fixation, easy application, snug and secure fit.

The product is thin and has a perfect fit.
