ABRI•CELL

Underpad, ABENA Abri-Cell, 8 layers, 70x30cm, light blue

- ✓ Absorbent core with multilayer tissue
- ✓ Soft and smooth nonwoven surface
- ✓ Rapid liquid absorption
- ✓ Liquid safe back sheet and sealed edges for extra protection
- ✓ Available in different sizes
- ✓ Available with differing numbers of tissue layers

Product Description

Abri-Cell is used as a protective disposable underpad for e.g. beds and chairs. It is suitable for non-sterile procedures, such as wound care and blood tests, but it can also be used for incontinent users. The underpad has sealed edges for optimum leakage protection, and the surface is covered with a soft nonwoven material for enhanced user comfort. The use of disposable underpads reduces the risk of contamination.

Abri-Cell is available in different sizes and with different layers of tissue.

Specifications

| | |
|--|---|
| Base name | Underpad |
| Brand | ABENA |
| Sub-brand | Abri-Cell |
| Sub-color | Light blue |
