**Couch rolls, ABENA Abri-Clinic, 2 layers,
50m x 50cm, Ø13cm, white, Virgin fibers,
138 sheets, perforated every 36 cm**

- ✓ Absorbent material
- ✓ 2-layer
- ✓ Perforated sheets
- ✓ Easy and hygienic solution
- ✓ EU Ecolabeled

Product Description

Abri-Clinic couch rolls are used for the protection of e.g. couches and examination tables. The couch rolls are made of absorbent material and are easy to roll out. The perforation makes sheet tear-off quick and easy. The use of disposable couch rolls reduces the risk of contamination and improves hygiene.

Can be used with or without dispenser.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

The EU Ecolabel, also known as the EU Flower, is the official environmental label in Europe. Products with the EU Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

POGI (Partnership for Public Green Procurement) is a community of municipalities, regions, and public organizations. The purpose is to make it easier for the public sector to buy environmentally friendly products.
