

Material Safety Data Sheet (MSDS)

Skincare Ointment Abena

Date: 2022-02-01

Rev.1

Section 1: Identification of the substance or mixture and the company

1.1 Product identifier

Skincare Ointment Abena, 150 ml, art no 6659

1.2 Relevant identified uses and uses advised against

Relevant identified uses: The product is a cosmetic product for personal care.

1.3 Details of the supplier of the MSDS

Abena Global Supply A/S
Egelund 35
6200 Aabenraa
Denmark

1.4 Emergency telephone number

Local poison center.

Section 2: Hazards identification

2.1 Classification of the substance or mixture

The product is classified as cosmetic product according to Regulation (EC) 1223/2009.

The product is not classified according to the CLP Regulation (EC) No 1272/2008 since cosmetic products, in their finished state, intended for the final user, are exempt from classification according to CLP.

2.2 Labelling elements

Cosmetic products under the cosmetic Regulation (EC) 1223/2009 are exempt from hazard labelling requirements according to CLP Regulation.

A complete list of ingredients is found on the labelling of the products according to requirements in cosmetic Regulation (EC) 1223/2009.

2.3 Other hazards

No other hazards known.

The safety of the product has been assessed in a Cosmetic Product Safety Report according to Regulation (EC) 1223/2009 and it is considered to be safe for human health when used under normal and reasonably foreseeable conditions of use.

Section 3: Composition/Information on ingredients

3.2 Mixtures

According to CLP Regulation (EC) 1272/2008.

¹ Explanation to Hazard statements, see Section 16

Section 4: First aid measures

4.1 Description of first-aid measures

General recommendations

Keep a person warm and calm. Never give anything to an unconscious person. When uncertainty or when signs of symptoms occur, get medical advice/attention. Present this MSDS.

Inhalation

Product not volatile, therefore inhalation exposure not anticipated.

Skin problem

Discontinue use of product. If discomfort persists, get medical advice/attention.

Eye contact

Product can be irritating for the eye. Rinse with water for at least 5 minutes. If discomfort persists, get medical advice/attention.

Ingestion

If ingested, rinse mouth with water and get medical advice/attention.

4.2 Most important symptoms and effects, both acute and delayed

Mild irritation may occur to the eye or stomach after ingestion.

4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

Section 5: Firefighting measures

5.1 Extinguishing media

Use dry chemical, foam, carbon dioxide or water.

5.2 Special hazards arising from the product

No applicable information has been found

5.3 Advice for fire-fighters

User self-contained breathing apparatus and full protective gear if larger quantities of the product are involved.

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

No specific requirement.

6.2 Environmental precautions

Avoid release to the environment. Prevent product from entering sewage or open waters.

6.3 Methods and material for containment and cleaning up

Clean up with cloth or paper tissue. Store in container until disposal.

6.4 Reference to other sections

See sections 7, 8 and 13.

Section 7: Handling and storage

7.1 Precautions for safe handling

The product may be handled without any special training.

7.2 Conditions for safe storage, including any incompatibilities

To be stored in a cool and dry place in its original packaging. To be protected from heat and direct sun exposure.

7.3 Specific end use(s)

Cosmetic product for personal care.

Section 8: Exposure controls

8.1 Control parameters

No relevant information available.

8.2 Exposure control

Normal handling does not require any specific controls.

Section 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance	Cosmetic cream
Colour	Off-white to white
Odour	Characteristic
pH	N/A
Melting point	N/A
Flash point	N/A
Boiling point	No data available
Density	No data available
Viscosity	No data available
Solubility in water	Soluble

Section 10: Stability and reactivity

10.1 Reactivity

No reactivity under normal conditions

10.2 Chemical stability

Stable under normal conditions

10.3 Possibility of hazardous reactions

No reactions known

10.4 Conditions to avoid

Exposures to high temperatures and direct flame

10.5 Incompatible materials

No known incompatible materials

10.6 Hazardous decomposition substance or mixtures

No decomposition substances or mixtures known

Section 11: Toxicological information

11.1 Information on toxicological effects

This is a cosmetic product for personal care that is safe for consumers and other users under intended and foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Chronic effects	Product not expected to have chronic health effects
Cancerogenic	Product not expected to be carcinogenic
Mutagenic	Product not expected to be mutagenic
Reproduction	Product not expected to have effects on reproduction

The safety of the product has been evaluated according to requirements in Regulation (EC) 1223/2009 appendix I.

Section 12: Ecological information

12.1 Ecotoxicity

Product not tested. Evaluation based on content of the different ingredients – product not expected to be harmful to the environment.

12.2 Persistence and degradability

No information available.

12.3 Bioaccumulation potential

No information available

12.4 Mobility in soil

No information available

12.5 Results of PVP and vPvB assessment

No information available

12.6 Other adverse effects

No information available.

Section 13: Disposal considerations

13.1 Waste treatment methods

Product

Small amounts can be discarded as household waste. Larger amounts according to Local Authorities regulations.

Packaging

Uncleaned packaging disposal according to Local Authorities regulations

Sewage disposal

Do not flush product into sewage or open waters.

Section 14: Transport information

Product is a cosmetic product and regarded as non-hazardous regarding transportation.

UN number	Not relevant
UN proper shipping name	Not relevant
Transport hazards class(es)	Not relevant
Packaging group	Not relevant
Environmental hazards	None
Special precautions for user	Avoid high transportation temperatures
Transport in bulk	Not applicable

Section 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

The product is a cosmetic product, according to Regulation (EC) 1223/2009

15.2 Chemical safety assessment

The safety of the product has been evaluated according to requirements in Regulation (EC) 1223/2009 appendix I and a Cosmetic Product Safety Report (CPSR) has been issued.

Section 16: Other information

The information in this MSDS is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Explanation to Hazards statements according to Regulation (EC) 1272/2008

Hazard statement	Description
H302	Harmful if swallowed
H315	Causes skin irritation
H318	Causes serious eye damage
H319	Causes serious eye irritation
H372	Causes damage to organs
