

# Baby Changing Stations

# Smarter Changing Stations

New Baby Changing Stations from Rubbermaid Commercial Products meet all global safety standards and feature antibacterial protection for safe, hygienic use.

7818-88 Horizontal Station, closed.

**BUILT-IN SHELF**  
Built-in shelf accommodates baby powder, cell phone, or other small items.

**MOISTURE BARRIER LINERS**  
Easy-to-service dispenser holds up to 40 liners (7817-88).

**EASY REACH HOOKS**  
Hooks on both sides allow user to access diaper bag while keeping child secure.

**ANTIBACTERIAL PROTECTION**  
Antibacterial protection inhibits the growth of bacteria that cause odours and stains.

**EASY ONE-HANDED OPERATION**  
Allows for safer, one-handed opening and closing while leaving the other hand free.

**SAFE & ERGONOMIC DESIGN**  
Meets all applicable global safety regulations and standards EN 12221-1, ASTM, ADA- and FDA.

## CHOICES TO FIT YOUR NEEDS

Vertical Station includes all the features of the Horizontal Station and is designed to fit the layout of your restrooms or changing rooms.

7819-88 Vertical Station, open.
