# Vikan Interior Mop, 550 mm, Grey

Vikan Interior Mop is ideal for dusting small spaces and hard to reach surfaces. The micro fibres pick up dust, dirt and hairs using static electricity when the mop is used dry. Slightly dampened the mop loosens dirt and grease. Can be used for high level cleaning by using any Vikan-click telescopic handle.

Wash the products as soon as possible after use - to reduce the risk that dirt becomes ingrained with stains and odors as result.

Wash cloths and mops of various types separately, to avoid contaminating each other with lint.

Pre-rinse in cold water with frequent water change, no added chemicals - in order to remove any chemicals that can have been used for cleaning and may interfere with or cause a negative impact on the fabric at higher temperatures in the washing process
